CHALLENGE

Fearlessly, respectfully, but firmly! Your own vote is worth nothing, if it be neutralized by the unlawful suffrage of an intruder!

"PUSH THINGS."

GRANT'S memorable order to SHERIDAN, in the Shenandoah Valley, in the expiring hours of the first rebellion, affords exactly the right watch-word for Union men to-day. Push things at Tuesday's polls, and they will go without pushing in November.

STOP BUSINESS!

Merchants, Manufacturers, and employers in all other departments of business, ought so to order their affairs to-day as to give all the men engaged with them a fair opportunity to vote. No citizen duly qualified should be hindered from exercising this high act of political sovereignty.

Especially, ought Republican employers, who want such a majority as Allegheny county can and must poll, in order to place Pennsylvania fully where she ought to stand, to take this matter in hand early this morning, if they have not already attended to it.

PENNSYLVANIA THE BATTLE GROUND.

We trust our Republican readers realize the importance of the election to-day. All the hopes of the Democrats have of electing SEYMOUR and BLAIR are predicated on their defeating HARTRANFT and CAMPBELL. This is apparent in the unparalleled efforts they are making through naturalization frauds, and all the other criminal appliances in which they are skilled. All of these efforts will be unavailing if the friends of GRANT and COLFAX do their whole duty. To this end, we entreat our friends to give up this day to the labor of so arranging that every lawful voter on the Republican side shall deposit his ballot. Press the enemy at all points. Pennsylvania is the battle ground. The *victory is certain, provided every Republican comes up heartily to the work.*

QUALIFICATION OF A VOTER.

1. He must be a native or naturalized CITIZEN of the United States, of the age of TWENTY-ONE YEARS or more.

2. He must have resided in the State at least ONE YEAR, and in his election district at least TEN DAYS immediately preceding such election, and have paid, within two years, a STATE OR COUNTY TAX, which had been assessed within two years and at least ten days before the election.

EXCEPTION.—Persons VOTING ON AGE, (being under twenty-two years of age) may vote without being assessed and without having paid such tax.

3. All persons citizens of the United States formerly qualified voters of this State, but who had removed therefrom and returned, and who have been duly assessed and paid taxes, as herein before indicated, are entitled to vote after six months residence in the State.

BOGUS TICKETS.

Look well to every name on your ticket before you vote it to-day. The opposition are circulating a great variety of fraudulent ballots, the most of which include all but one, or even two, of the names of our candidates, filling up these with their own "waiters on Providence." BURTT is playing that game freely, and has been exposed; it is also in vogue with both the greater and the lesser fry of his party. Here is WELLINGTON H. (Hannibal probably!) ENT, PHŒBUS, what a name! But excellent for a Democrat, since its splendid beginning dwindles down so appropriately to almost nothing. Mr. WELLINGTON HANNIBAL ENT sends to all his "friends" a very confidential circular, imploring *Republicans* to vote for him "for friendship's sake." No you don't, WELLINGTON H. E! You are kind enough to hand these muchly entreated "friends" a State ticket bearing simply the names of HARTRANFT and ENT! But it won't do! That sort of friendship is a nonentity among Republicans this year. SEYMOUR'S fitting illustration of the tender mercies of "friends" supplies all we want in that line at present. You may be a very nice man, WELLINGTON HANNIBAL, but you are in a very bad crowd, and you must suffer the legal consequences.

Republicans, your friendship is first for God, then for your country, and having served these, grant your personal favors to those only who acknowledge both alike. No friendship can justify a vote which might say to rebellion and treason that the Old Keystone approves them! Let your watch word be no compromises with Rebels; no friendships for the party or the candidates of revolutionary violence. Whoever proposes to tie you to the Democracy in any shape, insults your intelligence and prostitutes the sacred name of friendship!

A SMOOTH BORE ticket was widely circulated yesterday, having the name of JARED M. BRUSH for Mayor, T. W. WRIGHT for Controller, and A. J. COCHRAN for Treasurer. This it will be seen cuts out Mr. MCGOWAN and substitutes Mr. WRIGHT. Look out for them. The Republican who votes for WRIGHT gives countenance to the Democratic party and favors a man not half so competent or worthy as MCGOWAN, the Republican nominee.

Protestant Episcopal Convention.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, October 12, 1868.

In the Protestant Episcopal Convention this morning the Committee on New Dioceses reported in favor of dividing the diocese of Maryland. The report was accepted.

Rev. Dr. B. H. Paddock, Michigan, Rev. D. F. Huntington, Mass., Rev. N. Pierce, Ala., Judge L. B. Otis, Ills., W. H. Battle, D. D., N. C., G. C. McWhorter, West New York, and Wm. Walsh, Penna., were appointed a Joint Committee to nominate a Board of Missions.

Rev. A. Stubbs, of New Jersey, presented a memorial for the increase of pay of clergy, which, after some debate, was referred to a Committee of Five Laymen.

The memorial on Federal Councils was referred to the Committee on Canons.

A message was received from the House of Bishops stating that a resolution had been adopted looking to the appointment of a Joint Committee on the Board of Missions, and that the presiding Bishop had nominated for that committee Bishops Bedell, Clark and Atkinson.

Mr. John Conyngham, of Pennsylvania, presented a memorial, as follows:

That uniformity in the manner of worshiping the Almighty God is one of the chief reasons for the use of a liturgy; that it was the object of the Church of England, and afterwards of the Protestant Episcopal Church of the United States of America, as appears by the preface to their repective books of common prayer, to establish a form of worship which might most tend to the preservation of peace and unity in the Church, the procuring of reverence and the exciting of piety and devotion in the worship of God; and, finally, the cutting off the occasion from them that seek the occasion to cavil or quarrel against her liturgy: that in order to attain these ends, the Church in these United States, made at its organization in this country many important amendments in the English Book of Common Prayer, all tending to simplify her worship and promulgate christianity and the truths of the Gospel to mankind in the clearest, plainest and most affecting and majestic manner. That of late many ministers, forgetful of the objects of the fathers of said Church in this country, have introduced various changes in the previously long established manner of conducting divine worship, and of performing her rites and ceremonies, novel to our people and not contemplated by the Book of Common Prayer and the Canons, which do not attend to the preservation of peace and unity in this Church, nor to the procuring of reverence and the exciting of piety and devotion in the worship of God, and especially not the cutting of occasion from them who seek occasion for cavil or quarrel against his liturgy; that by reason of said changes the worship in the churches in this diocese and of other dioceses, is no longer uniform, and great scandal and dissension have been promoted thereby; that your memorialists deplore the introduction of said changes in the manner of worshipping God, by whatever ancient practice in any other Church the same may have been recognized, and whatever their intrinsic worth, and with the fervent hope that the same may cease from among us; that, leaving your honorable body to particularize the practices to which we allude, your memorialists respectfully express their disapproval of all deviations—manifestly on the increase—from the prescribed ritual of our Church, and of all acts of intentional postures, unaccustomed ministerial garments, and personal or Church decorations, and all conduct in the celebration of divine worship which tends to make the same resemble in seeming to that of the Church of Rome; that in our judgment charity and the interests of this Church as well as good taste require the abandonment by individuals, even if not forbidden, as injurious to its peace or likely to be misunderstood by christians. Wherefore we pray that canons may be passed which shall establish and enforce uniformity in divine worship in all our churches, and tend to renew and preserve that simplicity and absence of unnecessary ceremonies which the early Protestant Episcopal Church in this country sought to obtain.

Judge Conyngham said he had prepared a canon for the consideration of the Committee on Canons, to which he proposed it should be referred. The new canon would read as follows: "Of the manner of conducting divine worship:

"SECTION 1. No ministerial vestments shall be worn during worship, or when present at or officiating in any rite or ceremony of this Church, excepting surplice state bands or gowns, which shall be used as heretofore accustomed on all regular occasions of worship, and at the discretion of the minister may be used at rites and ceremonies, and no ecclesiastical vestments shall be worn on occasions of Divine worship or church ceremonies by the choirs or other assistants therein; *provided*, this section shall not be construed to relate to Episcopal vestment.

"SEC. 2. Candlesticks, crucifix or super altars, so called, made of wood, or metal, or other substances, shall not be used or suffered to stand or hang over any communion table as a part of the furniture or decoration thereof.

"SEC. 3. Bowing at the name of Jesus, excepting in repeating the Creed, turning or bowing towards the communion table, except so far as may be enjoined by the rubric, making the sign of the cross except in baptism, the elevation of either of the elements during holy communion, or oblation of the communicants of others, processional singing in churches except as provided by the rubrics, and the use of incense in and during the conducting of divine service, are all declared unlawful."

Rev. Mr. Breck, of Delaware, animadverted on the fact that these memorials had been gotten up in New York and sown broadcast throughout the country, and signed by many persons without fully comprehending their import.

Rev. S. H. Tyng, Jr., was present on the floor of the Convention in earnest conversation with several delegates.

Recess was taken at 1:15 o'clock to two o'clock.

On re-assembling Rev. Dr. Milo Mahan, from the Committee of Removal, presented the report of the Committee. The report recommended the removal of the sessions of the Convention, after to-morrow's recess, to the Church of the Transfiguration, 29th street and Broadway. He moved that the Convention concur in the report and remove at one o'clock to-morrow afternoon. The report was adopted after debate.

Gov. Hamilton Fish, from the Committee on Canons, made a report, which suggested the transfer from the constitution to a canon of that portion of the fifth article of the constitution which was complained of as too restrictive on the formation of new dioceses. In proposing the transfer to the canon they also proposed to eliminate the requirement of the number of self-supporting parishes—to reduce the number now required from fifteen to six. In other respects the canon as proposed by the Committee will be the same as the present provision of the Constitution. As a substitute in the constitution for these restrictions taken out the Committee proposed that every new diocese shall make before its creation some provision for the support of the Episcopacy. The report was made the special order for 12 o'clock Thursday.

Rev. Dr. Adams, of Wisconsin, took the floor on the subject of the Canon proposed by Judge Conyngham. He said when the question was debated, the House would debate the matter with all due regard for the distinctive rites of both Low and High Church branches of the Episcopal Church.

The memorials and the proposed Canon were referred to the Committee on Canons.

Rev. James A. Harrold offered another resolution, instructing the Committee on Canons to consider the subject of departure from established usage by defect in omitting any portion of the services already prescribed. Referred same as before.

A message from the House of Bishops was read, in which they concur in the proposed removal.

The President named the following gentlemen as Committee on Clerical Salaries: Joseph H. Thompson, M. D., New Jersey; S. B. Ruggles, New York; James W. Vannostrand, Nebraska; George S. Shattuck, M. D., Massachusetts; B. Johnson Barbour, Virginia.

Rev. Dr. Wm. Cooper Meade, of Connecticut, got the floor and moved that whereas the unity of the church is an object of vast importance, as without unity it will be impossible for her perfectly to fulfil her mission to the world; and, whereas in the opinion of many the signs of the time indicate that there is a strong and increasing desire among the Churches in the various denominations of christians in christendom to see such unity restored; therefore

Resolved, The House of Bishops concurring, that a Joint Committee of the two Houses constituting a General Convention, which Committee shall consist of an equal number of Bishops, Presbyters and Laymen, be appointed as an organ of communication with other branches of the Church and the different Christian bodies deseserving Conference on the subject, the said Committee to be entitled "Commission of the Protestant Episcopal Church in the Church unity."

Mr. Ruggles withdrew his resolution with similar object, offered by him Saturday, and Dr. Mead's passed unanimously.

The Convention unananimously signed the credentials of Rev. Chas. F. Robertson, new Bishop of Missouri.

Heavy Rains at Valparaiso—Several Lives Lost—Earthquake at Juan Fernandez, &c., &c.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, October 13.—A Valparaiso letter states: There have been heavy rains about Valparaiso and some landslides, which interrupted traffic, killed several persons, and caused the suspension of business. The sea has been very rough, and three launches were swamped.

The fever is prevalent here and many children are suffering from it.

The earthquake of the 13th ult. was also felt in the historic Island of Juan Fernandez. The sea leaving its natural limits precipitated itself with great force upon the Island, and carried canoes, &c., far into the interior. Nothing of value was destroyed, and no lives lost. No serious shocks were experienced by the natives, and we believe that since the occupation of that territory by Robinson Crusoe no similar event has occurred.

A letter from Lima, Peru, says a vote of thanks has been passed by Congress to the people of Chili, and the Ministers of the United States and France in Peru, together with our Admiral in those waters, for prompt and efficacious assistance to the unfortunates of the South. The Government has made several manifestations of its gratitude, and Admiral Turner has been greatly admired and praised for his conduct in placing his vessels at the disposal of Peru.

In Tacna and Arica provisions are abundant, the railway between the two places being rapidly repaired, but still earthquakes continue. It is proposed to rebuild Arica at some distance from its former site, so that dangers from inundation may be avoided. The English and Chilian vessels of war sent their crews on shore to assist in clearing the streets of the ruins of the falling buildings.

The Union Pacific Railway—Special Commissioner Appointed.

[By Telegraph to the Pittsburgh Gazette.]

OMAHA, October 12.—The following dispatch is furnished for publication:

SALT LAKE CITY, October 11.—To the President of the United States, Washington, D. C.: The Union Pacific Railroad Company has been informed of the appointment of a special commissioner to re-examine their road. If the commission includes all the roads receiving similar Government subsidies and bonds, this company will regard the appointment with satisfaction; but if no other road than ours is included, it becomes evident that the Government has listened to representations unfavorable to the character of our work, and which justice requires that I should contradict. I think it my duty, therefore, to assure your excellency that the Union Pacific Railroad is at least equal to any of the other lines in construction, appointments and permanent improvements, and that you can easily ascertain a thoroughness and excellence of our work by reference to Generals Grant, Sherman and Sheridan, who have lately been over the line. I can also furnish you the names of many of the most eminent and practical railroad men in the country. I also will corroborate these statements from personal knowledge. I respectfully request, therefore, that the Commissioner be instructed to include all these roads in their examination, and to report in detail the comparative qualities of each. To any test of this sort we shall cheerfully submit, only asking to be protected from unnecessary delays which are so hostile to the interests of the country and the safety of the settlements along our route, as they would be unjustly expensive to ourselves.

THOMAS C. DURANT,
Vice President Union Pacific Railroad.

MADRID, October 12.—The following is the substance of what was said on both sides at the interview between the American Minister and Duke de la Torre:

Mr. Hale, addressing the Duke in the name of the United States, congratulated the Provisional Government and the people of Spain on a success so marked in a revolution of such grand proportions. He was happy to return the greeting which Spain gave the United States on their entrance into the family of a free and sovereign people. The relations between Spain and the United States had always been friendly. Under the present circumstances all his efforts would be exerted to augment the friendship between both peoples.

The Duke de la Torre, in the course of his reply, said that amid the ruins of the old rule a structure would be formed which he believed would merit the approval and sympathy of the United States. Spain now deserved and needed the support of all free nations, and that of the American Government was highly esteemed. The Duke concluded by declaring this interview would serve to maintain unbroken the relations between two nations, both claiming and exercising successively the principle of national sovereignty.

WASHINGTON, October 12, 1868.

The President to-day, through the War Department, issued general orders for the information of army officers quoting provisions of the Constitution relative to the election of President and Vice President, and laws visiting with punishment military or naval officers intimidating such election. The order is intended in part as a rebuke to Gen. Reynolds, who issued an order forbidding the citizens of Texas holding an election for electors. It will be recollected that the States of Virginia and Mississippi have not been recognized by Congress in the admission of their Senators and representatives, and that Congress in July last passed an act in effect precluding the counting of their electoral votes.

The earnings of the road for the month of September were $263,000 in gold. In a few days Wells, Fargo & Co's. stages will connect with the railroad at Gravelly Ford, on the Humboldt river, instead of Wadsworth. This will shorten the stage route nearly two hundred miles.

The most that he can claim is concurrent power with the Mayor. I also give notice that I would, if applied to to-morrow, issue my warrant, on proper complaint, for the arrest of the Sheriff, his deputies, or police officers charged with the exercise of authority claimed by the Sheriff in his proclamation, and that I would notify the Mayor to be prepared with a sufficient force to execute my warrant if required."

The Act of Courtesy of the Third Ward Democratic Club—Bad Faith of the Chronicle.

On Saturday morning there appeared in the columns of the *Daily Post* the following outrageously insulting paragraph:

THE THIRD WARD DEMOCRATIC CLUB—AN ACT OF COURTESY.

"It is generally known that the Republican and Tanner Clubs are to have a torchlight procession in Allegheny City, on Monday evening, in which a number of the Pittsburgh clubs will take part, and as it is currently reported, and generally believed, that the late disturbances were brought about by the rabble of the Republican party to make votes against Blackmore, that spirited organization, the Third Ward Democratic Club, are determined to do all in their power to preserve order. They have accordingly volunteered to act as an escort to the Seventh and Eighth Ward Grant and Colfax Clubs, to the Suspension bridge, on Monday evening—so the "mudlarks" of the Republicun party had better take warning. This action on the part of the Third ward boys is truly commendable, and they deserve and will receive the thanks of all good citizens, irrespective of party."

In the afternoon there appeared in the *Chronicle* the following, which I presume was based on the *Post's* paragraph:

"AN OFFERED COURTESY.—The Third Ward Democratic Club have done a handsome thing. They have offered to escort the Seventh and Eighth Ward Grant and Coltax Clubs through "Bull Run District" and to Suspension Bridge on Monday night when they go to take part in the Republican demonstration in Allegheny. Whether the Grant Clubs accept their escort or not, the courtesy of the offer is the same. We do not know whether the same offer would be made to the Fourth Ward, Allegheny, Club, if they were to march to a meeting in the Fifth ward."

Having read both articles, I feel that the facts had been so greatly mis-stated that, as Chairman of the Seventh and Eighth Wards Grant and Colfax Clubs, I owed it as a duty to the community that the truth should be fairly stated. I therefore wrote a statement substantially as follows, which I handed to Mr. Siebeneck, of the *Chronicle*, who read it in my presence, and expressed some surprise at the different version from that given in the *Chronicle*, and promised me it should appear in the *Chronicle* on Monday.

"The act of courtesy of the Third Ward Democratic Club" had only the shadow of truth in fact. As the President of the Seventh and Eighth Ward Marching Phalanx I am enabled to state most positively that the Third Ward Democratic Club, any other Club, or any other person, did not offer to our Club an escort for the time stated in the *Post* of Saturday morning and the *Chronicle* of Saturday afternoon. The only basis for such a rumor, I believe, rests on the fact that on Friday night some of the Democratic citizens of the Third ward went up to the Seventh ward and there stated to some of the citizens that they purposed offering an escort to the Seventh and Eighth Ward Phalanx, when said citizens replied that in their opinion the escort was not wanted. Thereupon the Third ward citizens returned to their own ward. That was all. JOSEPH HARTMAN.

It will be seen that both the *Post's* and *Chronicle's* paragraphs convey the idea that the escort had been *offered* and *accepted*; neither of which is true, and our Club was in no very good state of mind in believing that we should have to be compelled to accept an escort without our wish our consent. So strong was the feeling that I was waited on, Saturday evening, and requested to notice the *Chronicle's* statement in the morning papers. I stated that I had handed to the *Chronicle* an article which Mr. Siebeneck promised to publish on Monday which would set the matter right. Mr. Siebeneck did not publish the article, and when asked for an explanation said "he forgot it"—"but that as it was all over it did not make any difference." To which I replied that it was not all over, but that it was to come off to-night, and it was very unfair to our party, and entirely too much thunder for the Democrats. He then replied that "it was only from personal considerations that he had promised to publish, and did not care whether it helped Grant's election or not," etc., etc.

My own belief is, that it was an intentional omission, for a purpose that meant no good to the Republican party.

JOS. HARTMAN.

Mass Meeting at Woodville.

The Republicans of the south end of the county held a monster mass meeting at the Woodville House, Mr. Jos. Wright proprietor, yesterday. It was one of the largest mass meetings held outside of the city during the campaign. The procession was over four miles long, and the crowd is estimated at from three to five thousand persons.

After the procession had been dismissed, a meeting was organized by calling Geo. Y. McKee to the Chair, assisted by a number of Vice Presidents and Secretaries.

The meeting was ably addressed by Gen. J. B. Sweitzer, Hon. John P. Penny, Thos. Ewing and Alex. Watson, Esqs.

Prof. Pope was present and favored the meeting with a number of his excellent campaign songs.

After the meeting adjourned the speakers and officers were handsomely entertained by Mr. Wright, with a most excellent dinner. Our friend Joe, in addition to being a good active Republican, knows how to keep a hotel.

THE DEMOCRATIC PLATFORM, 1868.

BY JOHN G. WHITTIER.

Great Heavens! Is this our mission? End in this
the prayer and tears,
The toils, the wars, the watchings, of our younger,
better days?
Still as the Old World rolls in light, shall ours in
shadow turn,
A beamless chaos, cursed of God, through outer
darkness borne?
Where the far nations look for light, a blackness in
the air!
Where for words of Hope they listened, the long
wail of Despair!

The Crisis passes on us—face to face it stands
With solemn lips of question, like the Sphinx in
Egypt's sands!
This day we fashion Destiny, our web of Fate we
spin;
This day, for all hereafter, choose we Holiness or
Sin:
Even now from starry Gorizim or Ebol's cloudy
crown,
We call the dews of blessing, or the bolts of cursing
down!

By all for which the martyrs bore their agony and
shame;
By all the warning words of truth with which the
prophets came,
By the future which awaits us, by all the hopes which
cast
Their faint and trembling beams across the blackness
of the Past;
In the names of those who for our country's freedom
died;
Oh ye people! Oh my brothers! choose ye the right-
eous side.

So shall the Freedom lover go joyful on his way,
To wed Penobscot's waters to San Francisco's bay,
To make the rugged places smooth, and sow the vale
with grain,
And bear, with Liberty and Law, the Bible in his
train;
The mighty North shall bless the South, and sea
shall answer sea,
And mountain unto mountain shout—PRAISE GOD,
FOR WE ARE FREE!

RELIGIOUS INTELLIGENCE.

Last Sunday an event occurred, almost in sight of this city, which deserves more than an ordinary notice, from the fact that such occasions rarely occur in our midst, and, indeed, anywhere else. Rev. J. Knox, known as the "American Fruit King," has just erected a place of worship on his fruit farm for the accommodation of the people in his employ, and also for persons living in the immediate neighborhood. The necessity for a suitable place of worship became so apparent to Mr. Knox that he generously provided one at his own cost. Last Fall his daughter, Miss Amanda Knox, commenced a Sunday School in a building on the place, with eleven scholars, now the number is full one hundred. Preaching and other religious exercises were instituted in the Spring, and gradually the interest has been increasing, until quite a large congregation has been gathered. The main audience room of "Knox Chapel" will accommodate about two hundred and fifty, and is finished in a neat, cozy manner. The pulpit was beautifully decorated with plants and flowers, indeed literally "smothered" with them. Behind the pulpit there was a temporary lattice erected, covered with trailing vines, and dotted all over with rare flowers. In the centre there was a curiously wrought cross of flowers, and other devices. On one side of the pulpit is erected a splendid pipe Organ, and a railing separating the the choir from the people. Beautiful boquets festooned the front seats. Everything conspired to make the dedicatory services last Sunday pleasant. The dedication sermon was preached by Rev. Dr. S. H. Nesbit, editor of the *Pittsburgh Christian Advocate*, in which he showed how the atonement is a complete remedy for all the injury sustained by man in the fall. It was an able exposition, and presented, too, in the Doctor's vigorous style. Passages of great power abounded throughout the discourse. At the close of the sermon Dr. Nesbit alluded in fitting words to the forethought and magnanimity of Rev. J. Knox, in providing for the spiritual want of the community about him, after which he proceeded to dedicate the house to the service of God, using the beautiful ritual service of the Methodist Episcopal Church, Dr. J. L. Read, assisting. The responses on behalf of the congregation were made by Revs. J. Knox, W. H. Corkhill, J. Dermitt and W. H. Kincaid. In the afternoon Rev. Dr. L. F. Morgan, of Christ Church, preached a sermon of great power, on divine knowledge, doing the will of God, and the happiness that results therefrom. The clear elucidation of the truth, convincing arguments adduced, and earnest manner of the Doctor, produced a fine effect. Knox Chapel will be regularly supplied every Sabbath by Rev. J. Dermitt, a gentleman worthy to be the *cure* of Mr. Knox's farm church.

Last year the children of the Presbyterian Church, Old School, by special effort, contributed to the Board of Foreign Missions the handsome sum of forty-five thousand dollars, being nearly one-tenth of the whole contribution of the Church for that cause. The *Presbyterian* says that the children actually saved the Church from an appalling debt of seventy-two thousand dollars. It thinks, if so much is secured by spasmodic efforts, that continued effort might accomplish still greater good, and be made to increase the contributions at least one-fifth, if not more.

A correspondent of the *Presbyterian*, in speaking of the opening of the magnificent new Synagogue in New York, represents the "reformed" movement among the Hebrews as being large, respectable and of growing power. These reformed Hebrews have already introduced many changes in their ritual and service, that conform their worship very much to the worship of Christian sanctuaries. The two sexes are no longer separated, but families sit together in pews. Organs are permitted, once forbidden as making Sabbath labor necessary. The gentlemen remove their hats during service, and portions of the liturgy are omitted to give time for a more extended expository sermon.

The Baptist Seminary at Rochester, New York, has a German department in very successful operation, which seeks to meet the wants of eighty German Baptist pulpits in America!

The Appletons, publishers, have given Bishop Beckwith, of Georgia, the sum of $20,000 for the purpose of building an Orphans' Asylum in Macon, Georgia, under the auspices of the Episcopal Church.

The Toledo *Commercial* keeps the Sabbath strictly. Work continues in its office on Saturday night until eleven o'clock, and then rests until one o'clock on Monday morning.

Rev. Thomas K. Beecher, advised a medical friend who was lecturing to the students of Lane Theological Seminary, to teach them that their bodies are temples of God, except they be reprobate, and that the breath of their praying should be as incense, and not stale tobacco perfumed with cardamom troches.

Bishop McIlvaine thinks that voluntaries should cease the moment the clergymen rises to begin the services, and the continuance of these performances while he waits the leisure and pleasure of the organist to end his strains, is a mere impertinence in divine worship.

A Missionary Colporteur, supported by Governor Morgan, of New York, has been laboring for a few weeks in North Carolina with wonderful success. Business men of means would do well to note this fact, and practice in accordance with the example set forth by this merchant-statesman.

Rev. Dr. Gurley, the well known Presbyterian minister of Washington, D. C., just before his death dictated a message in which he said, the question will soon be decided, whether I am to depart and be with Christ, which is far better, or I be permitted to labor yet a little while longer in the vineyard of the Lord. In any event, he remarked, let us all say, The will of the Lord be done.

The twenty-second annual meeting of the American Missionary Association will be held in Springfield, Massachusetts, commencing October 3d.

A colored minister, in a brief address to the Preachers' Meeting of the Cincinnati Methodist pastors, stated he was differently circumstanced from the white brethren; he hadn't so much in his head as they, and so had to keep hid behind the cross and close to God, in order to get along. There was a general response, "It is the only safe place for us all."

A writer thinks that pews in the churches should rest on pivots, so that the occupants could see those who came in without straining their necks.

Rev. Henry Morrell, of Robinsonville, Wisconsin, a missionary among the Belgians, represents that since the mission was begun five years ago, over one hundred and twenty persons, who formerly were Roman Catholics, have been hopefully converted to Christ.

The Executive Committee of the Tract Society of the M. E. Church voted furnish one thousand copies of the *Good News* monthly for distribution in the cars and steamboats leaving New York city.

The Cincinnati M. E. Conference adopted a resolution that the obligation to pay the preacher's salary in full is as binding on the congregation, and its individual numbers, as the payment of promissory notes in banks, and should be met as promptly.

Rev. W. S. Haywood has accepted the call to Trinity Episcopal Church, New Castle, Pa.

The Metz Catastrophe—Blowing Up of an Arsenal and Fearful Loss of Life.

The explosion took place between 2 o'clock and 2.05. The number of work people employed in this department of the arsenal amounts to two hundred, of whom forty are artillerymen and the rest women and young girls. Two of the latter quarreled about a pair of scissors. Whether the scissors fell or whether they touched some fulminating powder, does not appear to have been proved; however, at the very instant that the scissors fell from the hand of one of the disputants, the explosive substance took fire, a formidable detonation was heard, the beams and rafters of the roof were blown up, and fell down again amidst a cloud of dust on the miserable victims, some of whom, although but slightly wounded, were perfectly stupefied.

From these blazing ruins men and women, bruised, burnt and horribly mutilated, were to be seen endeavoring to escape, but influenced only by instinct, for their countenance expressed the complete stupor which had overtaken them. One poor woman received ten wounds, two in her head; her thighs were shot through in two places, the thigh-bone of the left leg being smashed. Another whose clothes were burnt off, was seen frightfully disfigured, her face entirely burnt and one eye hanging out of its socket. She walked along, followed by others equally as mutilated. The subject of astonishment to the person who first arrived was how these poor creatures could walk. The sympathy was immense; every one took off their outward garments to cover these wretched victims, and the neighbors instantly offered their houses as a first place of refuge.

The artillerymen quartered in the adjoining barracks set to work at once to clear away the smoking ruins, and endeavor to find the dead and the dying. Arms, legs and heads were found. An officer, in the hope of dragging out a soldier who appeared yet alive, took hold of his arm; the arm came off in his hand, the shoulder having been shot away and separated from the body. Pools of blood, calcined limbs, spent balls, met the eye at every step. Orders were issued that no one was to enter the court until the artillerymen had done their work; but the distracted relatives insisted on being allowed to search for the remains of those who had perished, and the result was terrible.

A letter from a surgeon of the Metz Hospital sets forth that out of fifty-three wounded women now lying in that institution, only ten have a chance of recovery.

The Roman Catholic Church and the Blacks.

The New York *Advertiser* says: One of the decrees of the Catholic Synod, which held its session in this city last week, is devoted to the condition of the negroes. It leaves to the Archbishop the power either of inviting negroes to the Catholic churches of the diocese, or of erecting churches expressly for their use. Here is an example which we trust our Irish adopted citizens will learn wisdom from. The Roman Catholic Church has in all ages recognized the black man as the equal of the white man. The Pope receives, with the same honors, the African Roman Catholic that he does the Irish, English, French, German, Italian, American, or any other nationality. The Roman Catholic Church has never made any distinction on account of color. In this respect she has shown herself more Democratic than any other denomination of Christians. She has failed, however, to educate her children of Irish birth up to the standard of equality which she has ever recognized. The Roman Catholic Bishops kneel at the same altar, and partake of the same sacrament with the poor black man, but our Irish adopted Roman Catholic citizens say that this same black man is unworthy to walk to the polls and vote with them. Let us hope that a better day is dawning for the regeneration of both races.

RIVER NEWS.

Navigation is about suspended here, but twenty-five inches in the channel by the marks last evening. On two feet, not even low water boats can make it pay at present rates of freight, and there is no cance of advancing them. The weather continues clear and pleasant and apparently settled.

The Julia No. 2, from Zanesville, is the only arrival we have to report, and there were no departures. The Julia returns to Zanesville again to-day, leaving promptly at four P. M.

The Camelia, is loading for Nashville, and the Lorena is taking all the St. Louis freight that offers, with the understanding that she is to go out on the first rise.

Capt. Tom Rea, of mountain fame, is here looking after his new boat, now in course of construction here for the Upper Missouri.

—The Mississippi was rising again at St. Paul on the 6th, from heavy rains.

—The Bellevernon and Leonidas arrived at St. Louis from Pittsburgh on Friday.

—The Memphis *Bulletin* states that the Legal Tender, after her present trip, will enter the Memphis and White river trade.

—Capt. P. D. Pratt has paid for the Comet $6,000, a very low price. It is possible that he will place the towboat in the St. Louis and New Orleans trade.

—The New Orleans *Crescent*, of the 7th, says: Prior to the late war, the trade between this city and Yazoo river was one which was lucrative, and in which several fine packets were engaged, among them the J. M. Sharp, Lewis Whiteman, Alton and others. Capt. Gilham has concluded to put the Big Horn in it, and will back out on Saturday, the 10th.

—A late Dubuque paper says: The "combat deepens" all along the shore, and the rivalry between the White Collar and Northern Lines continues with a fury regardless of big dividends or expenses. A leading stockholder and officer of one of the lines remarked, in St. Louis, the other day, that he would rather sacrifice every dollar he owned in the company than back down one inch. The same spirit seems to prevail at St. Paul, according to the Pioneer, of last Thursday, which says: "The competition between the contesting lines was lively. The reduction of fares between here and St. Louis commenced in the morning and continued grually during the day, until about three o'clock, they touched bottom at $3 for first-class passage to St. Louis. Both the White Collarites and the Northeners have plenty of money and pluck, and are resolved to fight out the quarrel to the bitter end. This is good news for travelers, and no doubt many will avail themselves of the opportunity to make a short tour while the fine weather lasts."

"PHILIP H. SHERIDAN,
Major General, U. S. A."

"SEYMOUR AND BLAIR WILL GIVE US ALL THE CONFEDERACY FOUGHT FOR."—*Ex-Rebel Gov. Vance's speech at the Democratic Ratification Meeting in Richmond.*

WE PRINT *on the inside pages of this morning's* GAZETTE—*Second Page: Poetry, "The Democratic Platform, 1868," by J. G. Whittier, Religious Intelligence. Third and Sixth Pages: Commercial and River News. Seventh Page: Correspondence from Kansas, Address to Republican Voters, Election Estimates for the State, &c., &c.*

Gold closed in New York yesterday at 137¾@137⅞.

IF YOU hear of any Republican voter who is not going to turn out, go for him. Do this in season. Do not procrastinate until it is too late.

WOULD you have Congress filled with rebels from the South, elect the Democratic ticket. They have pledged their candidate for President to do it.

HOLDERS of fraudulent naturalizations. Your papers, whether procured by fraud or perjury, will not shield you from a criminal prosecution, if you attempt to vote on them.

BE AT the polls early this morning. Vote as soon as you can after the polls open, and then devote the balance of the day to seeing that every Republican votes, and that no Democrat votes twice.

LOOK out for your tickets. The enemy is desperate, and capable of any degree of fraud, forgery and lesser criminality. Be vigilant, be active, be on hand early, stay all day, and work as you never worked before.

REMEMBER! Gen. GRANT saved *twelve millions* of dollars in his administration of the War Department in three months. ANDREW JOHNSON testified to this fact. You who want an economical administration, vote for GRANT.

REPUBLICANS should remember that they cannot excuse themselves so long as anything remains undone. The honor, peace and liberty of the country, its present and future, individual and collective interests, are all at stake, and any one who sees anything that he can do for the right, should do it once, and completely.

ADOPTED citizens who vote the Republican ticket should take their papers with them to the polls, unless they have voted ten successive years in the same district. Let every man be required to produce his papers *unless he has voted ten years in the district where he offers his vote*, in which case his oath is sufficient.

WHEN the *Post* answers *who robbed helpless Catholic orphans* of a generous appropriation made by a Protestant Legislature, we shall pay some attention to its charge that we have insulted Catholic citizens. Some things are on record as well as others, and the hand of Providence vindicates as well as punishes, as our neighbors must have learned before this time.

THE torchlight procession in Allegheny City was the crowning act of the campaign. Never before did the citizens of our sister city manifest greater enthusiasm. Every house was illuminated, and the display of fire works was decidedly grand. Fully seven thousand voters were in the line of procession; and notwithstanding the jeers and insults of the rabble Democracy in some quarters, the best of order prevailed.

WE SAID a few days ago, that a political fraud detected and exposed, was necessarily a fraud at least half baffled and beaten. The recent Naturalization fraud in Philadelphia, judging from what we hear, is not likely to prove an exception to this rule. If the Democratic leaders be made any dirtier than they were before, they have an additional stain and odium upon their reputations, and, after all, are destined to a hopeless defeat.

OUR Democratic Secretary of the Treasury disowns the New York platform, and writes to a business firm of that city that "it has been the invariable practice of the Government to pay both the principal and interest of its notes in coin, and he knows of no reason why a different course should now be pursued as to the gold payment, principal or interest, of six per cent. bonds of 1881." PENDLETON ought to go and see him.

THE UNION MEN of Philadelphia are fighting against a combined opposition of Democrats, partizan Judges and Prothonotaries, roughs, thieves, perjurers, colonists and illegally naturalized aliens. Now, mark it, our friends propose to flatten out the whole crowd, with a good square Republican majority of lawful votes to-day, and we are completely satisfied that they will do it. Our confidence in their triumph to-day, has never been shaken.

REPUBLICAN CHALLENGERS! See to it that no man offers to vote on fraudulent naturalization papers without being challenged. If any officers of elections receive the votes of such men in spite of the law, the facts must be put upon record, not only for the State Canvassers, but for the People. So long as a community contains virtue enough to govern itself, no party can gain any lasting advantage in it by corrupting the expression of the popular will.

WE HAVE seen and heard many indications that the Republicans would carry Pennsylvania to-day. Of these the strongest is Mr. WALLACE'S estimate that the Democrats will have ten thousand majority. Every man who has any considerable knowledge of the different counties of the Commonwealth, must take that statement as a confession of defeat. There is no sincerity in that calculation.

Mr. WALLACE is a political charlatan and humbug, and the members of his party, unless they like to be duped, had better abate him as soon as practicable.

WHATEVER hope the Democrats have of carrying Pennsylvania—and that is little—is based upon frauds already committed. Republicans cannot be too vigilant. The plans of the Democrats are on a scale proportionate to the ends they have in view, and the prize at stake. Long abstinence has made them hungry and desperate. Nothing is too shameful for them to undertake, that promises to further their schemes. There is reason to believe that fraudulent naturalization papers manufactured by them at Philadelphia are scattered all over the State. Low Democratic boarding-houses all over this city are filled with strange faces. Are these people here to vote fraudulently? The polls everywhere should be carefully watched by men who know what is right, and will permit nothing that is wrong.

WAR DEMOCRATS TO THE RESCUE.

The prominent War Democrats of New York city are to hold a great mass-meeting for GRANT and Peace, on next Saturday evening. We print the more significant passages in their "call," in another column, with the names of a few of the signers. With these gentlemen, it is no longer a question of party, but of patriotism. The Democracy, with which they have ever been identified, is not represented at all in this canvass; they repudiate the BLAIR and HAMPTON counterfeit of the good old party, and will nail it to the wall with GRANT and Peace.

COUNSELLING ILLEGAL VOTERS.

Notwithstanding the decision of Judge SHARSWOOD has been constrained to make, that the mass of Naturalization Certificates, purporting to have been in Philadelphia, are bogus, having a counterfeit seal and forged signatures attached to them, Mr. SAMUEL G. RENDALL, Chairman of the Democratic Joint Committee of that City, has issued an address requiring the holders of those certificates not to fail to vote upon them, and this address our contemporary, the *Post*, as containing wholesome instruction for all concerned.

It is the plain duty of election boards, under Judge SHARSWOOD'S decision, to reject all votes offered upon those papers. It is the height of impudence and scoundrelism to urge ignorant men who hold forged certificates, to run the chances of getting into the penitentiary by voting upon them.

HOW MANY TICKETS?

At the October Election, in all the districts of Allegheny county, outside the city of Pittsburgh, each voter will deposit two tickets.

1. One ticket embracing the names of all State officers voted for, and to be labelled "State."

2. One ticket embracing the names of all County officers to be voted for, including Senator and members of Assembly, and member of Congress, and to be labelled "County."

In all the districts included within the present limits of the City of Pittsburgh, there will be these two tickets and three more.

3. One ticket embracing all City officers to be elected, that is to say, this year, Mayor, Controller and Treasurer, and to be labelled "City."

4. One ticket embracing the names of all candidates for City Councils to be voted for, and to be labelled "Councils."

5. One ticket embracing the names of all School Directors and other Ward officers to be voted for, and to be labelled "Ward." This ticket will include all candidates not embraced above.

THE DUTY OF CONGRESS.

The last adjournment of Congress, on the 21st of September, was "to the 16th of October, when, unless otherwise ordered," there should be a further adjournment until November 10th. It was announced, a few days since, that the Joint Committee (Messrs. MORGAN and SCHENCK,) which was charged with a discretionary duty in the premises, had concurred in directing the further adjournment until November, as above.

Yesterday it was also announced that the President, taking issue with Generals REYNOLDS and GILLEM, the military commanders in Texas and Mississippi, respectfully, and denying their legal right to exclude the people of those unreconstructed States from a participation in the Presidential vote, has issued his proclamation declaring that the rights to this participation still exist in the citizens of Texas; that it is not specifically denied by any provisions of the reconstruction acts, and annulling the order of Gen. REYNOLDS in the premises. And whatever is here held by the President, in the case of Texas, must apply equally to Mississippi and Virginia. The President's opinions in this regard were already well-known, having been fully set out by him in his Message vetoing the Joint Resolution of Senator EDMUNDS, excluding these three States from the Electoral College. His proclamation, therefore, has nothing surprising, except that he should be so unwise as to recommend to the people of those States to cast a vote which, by the express terms of that Joint Resolution, are excluded from being received or counted. For this Resolution, although vetoed by Mr. JOHNSON, was nevertheless immediately passed over his veto by more than the constitutional majority in each House of Congress.

However to-day's important elections may be decided, it is plain that the President, intending to encourage the holding of elections in these States on the 3rd of November, designs to stand ready, with the pretended results of such elections, in aid of the Democratic programme of violence. It is and has been equally plain that the party of SEYMOUR and BLAIR have now wavered an instant in their purpose to have elections held in those States, and demand that the electoral votes they will subsequently offer, be received and counted. They will insist on this, in defiance of the law, with bloodshed and rebellion, if need be. We have had abundant notice of this intention, and of the determination, from Democrats in every section of the Union. The South insists upon it and the North has long since agreed to it.

Gen. REYNOLDS has prohibited the holding of such an election in his district as illegal; the President will therefore suspend or remove him.

—Gen. GILLEM informs the people of Mississippi that he can find no law or warrant for such an election; he will also be compelled to yield his objections. How far Gen. GRANT may have authority to interpose in the premises is not clear; whatever authority he may have, he will exercise it, we are confident, whenever the case comes in the line of his official duty.

But of one thing there can be no doubt. It is the plain duty of Congress to put its check, promptly and decidedly, upon this movement. Now that a partizan programme has been, at this late and dangerous moment, endorsed with the Executive sanction the matter can no longer be ignored, or thrust aside. Congress should meet on the 16th and remain in session until it has enacted its express prohibition against the proposed "elections." This prohibition did pass the House, on LAWRENCE'S amendment to H. B. 1450, in the last hours of the session, but was talked to death by Mr. BUCKALEW in the Senate. It is not, even now, too late to enact it while its necessity has become critically apparent.

WHAT FRIENDSHIPS HAVE COST.

Republicans in Philadelphia were last year besought to vote for SHARSWOOD for Judge for friendship's sake, and to mark their warm confidence in his abilities as a jurist, and his integrity as a man. Republicans in Pittsburgh were likewise begged to vote for BLACKMORE for Mayor, on the same score of personal confidence and regard. The result, in the one case, has been that the Commonwealth has been flooded with fraudulent naturalization papers purporting to be issued from Judge SHARSWOOD'S Court, and, in the other case, the people of Pittsburgh are bitterly bewailing the inefficiency of the Mayor who, in their good nature, they accepted.

Let Republicans bear in mind these untoward results of former weakness and complaisance for friendship's sake, when again besought, as they are now, to support this, that or the other follower of FRANK BLAIR. Remember this, when the friends of BLACKMORE, BURTT, BRUCE and the Lord knows who, are trying to fool you again.

IN 1867, the Republicans lost the State, and permitted the Democrats to elect the Judge who now disgraces the bench, through sheer neglect and indifference. This fact will be seen by comparing the votes of 1866 and 1867, which were as follows:

1866—Republican vote for Governor	307,276
Democratic vote "	290,094
Total vote cast	597,370
Republican majority	17,178
1867—Republican vote, Supreme Judge	266,824
Democratic vote	267,746
Total vote cast	534,570
Democratic majority	922

If there had been a full vote cast in 1867, this result might have been regarded as a decided political reaction in favor of the Democracy. But the aggregate votes of the two years, when placed side by side, show that nearly 63,000 more votes were polled in 1866 than in 1867, as follows:

Total vote of 1866	597,370
Total vote of 1867	534,570
Deficiency	62,800

The Democratic vote cast in 1867 was 22,000 less than the same party cast in 1866, and the Republican vote was 40,000 less. If these 40,000 Republicans vote in October the same as they did in 1866, and the 22,000 Democrats vote the Democratic ticket, there will be a Republican majority of 17,000.

WHAT OF THE STATE?

On all sides this question is put to us, and we will answer it to the best of our knowledge and belief.

On this side of the Mountains, the Republican majority will not be less than fifteen thousand, and is quite likely to exceed twenty thousand. This the Democrats understand as well as we do. On a fair poll they know this majority cannot be overcome on the other side of the Mountains, and hence the monstrous frauds to which they have resorted, as is known of all men, and officially decided by one of their own number, and no less a personage than Judge SHARSWOOD.

According to all past experience, the Republican majority in the State ought to be very nearly what it amounts to in the Western counties. It has been four or five thousand more; rarely if ever less. Notwithstanding the accumulated counterfeitings, forgeries and perjuries resorted to by the Democratic leaders, and the manifest and criminal complicity therein of most of the Judges who concur with them in political predilections, we believe the Republican majority in the Commonwealth will be little, if any, less than what it will foot up on the Western slope of the Alleghenies. If we shall be disappointed in this calculation, it will be because the Democrats succeed in their swindling enterprises more completely than we now imagine to be possible.

Our judgment, therefore, is that the Republicans are destined to win the field, not only handsomely, but conclusively. So much by way of encouragement. But let no man use this prediction as an incentive or excuse for supineness. Let each one use it rather as an encouragement to activity, vigilance and courage. With a will, this morning, let all Republicans lay aside all other cares, and attend to the prime duty of electing their candidates.

FOOD FOR REFLECTION.

The Naturalization Frauds, perpetrated this year in Philadelphia, are so gigantic and undeniable that even Judge SHARSWOOD, who has no nice scruples concerning that form of rascality, is constrained to admit their existence. In order to shield Mr. SNOWDEN, the Prothonotary of his Court, from censure and punishment, he has decided that the seal attached to the certificates in question is a counterfeited one, and that the signatures are forged.

Admitting the facts to be as he states them, certain questions press for solution. What must be the normal character of Democratic leaders, who do not hesitate to resort to counterfeiting, forgery and perjury in order to manufacture illegal voters? What must be the moral character of the masses of the Democratic party, who gladly avail themselves of the advantages of these crimes, or following along, making no protest and putting forth no effort to stop the constant and increasing infamy? How does it happen that native-born citizens, and foreign-born who have been in the country long enough to thoroughly comprehend the workings of our institutions, leave the Democratic party, from year to year, in such numbers as to compel the leaders thereof either to relinquish the contest and disband their organization, or else deliberately to go about, preceding every canvass, fairly entitling themselves to places in the penitentiaries by the offences they commit or procure other men to accomplish?

These are not irrelevant questions. They go to the very heart of the case. Let the sensible and upright men who still remain in connection with the Democratic party seriously reflect upon these questions, and then do what a decent regard for their own reputations, and a proper apprehension of the public welfare shall demand.

KEEP THE DOORS WIDE OPEN!

See how they come! We can report only the most prominent and well-known names of the great stampede from the pseudo-Democracy to the banners of the Republic and Peace, under General GRANT. Hundreds of thousands of honest Democrats are crowding in with their leaders, but we have room and a welcome for all. Read to-day's entries: 1st, Gen. W. S. HANCOCK, late a candidate for the Democratic Vice Presidential nomination, who is in favor of the election of GRANT and COLFAX, and was so announced by Gen. W. H. MCCARTENAY, *upon authority*, in a speech at Cambridge, Massachusetts, on Tuesday last; 2d, Gen. MCCLELLAN, of whom the New York *Evening Mail* says, that "if he votes at all, he will vote for GRANT;" 3d, Generals ROUSSEAU, STEADMAN and GORDON GRANGER, none of whom have publicly said they would vote for GRANT, but each one of them has distinctly *repudiated the Democratic nominations;* 4th, Senator PATTERSON, A. J's. son-in-law, who openly announces himself to be GRANT'S supporter. All of these are either for GRANT and COLFAX, or stand apart with folded banners and ill-concealed disgust, to look upon the chastisement which a prostituted Democracy has richly earned and will surely receive.

FROM THE very best authority in Philadelphia, we received the following dispatch last night:

"East of the mountains we will do our full duty and hold the enemy squarely. No material point will be lost for we are thoroughly organized. A train of New York roughs arrived here to-night, but every man of them is spotted and may push farther West, perhaps even into old Allegheny county. We are sure of holding our own ground, and if the Western part of the State gives us eighteen or twenty thousand majority, then fix that as the majority of the State. Tell your voters to day to lose no point, as we of Philadelphia have thousands of dollars at stake that the majority will be nearer ten thousand than eight thousand. Every reasonable calculation leaves the majority to be fixed by the counties West of the Alleghenies."

Thus our readers will see that the responsibility of the State rests wholly with them; that while the Eastern section will hold its own with the enemy, the Western counties are expected to make the majority. Nothing short of eight thousand should be given by old Allegheny, and that majority will be given if every Republican does his full share of duty.

SPOT THEM!

Our Committee spoke "by the book" in warning Republicans to look out for illegally colonized votes. We learn that many small public houses, boarding houses and all other places readily available, are filled with strangers, whom, there is reason to think, the opposition have brought to this city from adjoining States, to vote illegally to-day. We urge our friends, in every voting precinct of these cities and county, to keep a sharp look-out for new faces, and put the law in force, at the first overt act of fraud on the part of these strangers. We urge this matter upon the special attention of our Vigilance Committees and Challengers, as well as of the Election Boards.

Democratic Movement Against Seymour.

The following call is about to be issued by a number of War Democrats of New York, for a mass meeting in support of Gen. Grant:

Those of Democratic antecedents who wish to retain the entire Union upon principles which are fair and just; who believe that the debt incurred in the suppression of the rebellion is a sacred obligation; who insist that the plighted faith of the nation shall not be violated and that its name and credit shall not be disgraced; who desire to treat the States lately in rebellion with justice, but who will not consent to surrender the Government to Southern rebels, still insisting that the rebellion was right and still boasting of continued devotion to the 'lost cause;' who are opposed to the repudiating doctrines of the New York platform and to the revolutionary manifestations of one of its candidates, and who believe that peace, safety and prosperity for the whole country will be secured by the election of General Grant—all such are requested to meet at Cooper Institute, on Saturday evening, 17th day of October inst., at 8 o'clock. Eminent gentlemen will speak upon the great issues of the day.

This call is numerously signed by such men as Judge Edward Pierrepont, ex-Mayor W. F. Havemeyer, Moses Taylor, Prosper M. Wetmore, F. DeVillier, O. D. F. Grant, Hiram Walbridge, Samuel Sloan, Frank Wood, Wm. H. Webb, C. V. S. Roosevelt, Henry G. Stebbins, who will be recognized as among the leading Democratic lawyers, bankers, merchants, railroad men and shipbuilders of the city. In addition to this a new Grant Club has been formed in New York, called "Veteran Comrades of the Union," while nearly all the soldiers' and sailors' clubs in the city are represented. About four-fifths of the members are avowed Democrats, who are dissatisfied with the course of Governor Seymour during the war and the platform of the party, and refuse to support him in the present contest. Some of them were delegates to the Cooper Institute Convention, which endeavored to secure the Democratic nomination for General Hancock. General Frank Barlow was elected President of the Club.

—Joseph Wormald, arrested, last Saturday, on a charge of attempting to leave the State of New York to engage in a prize fight, and bailed, was yesterday surrendered by his bondsmen, and is now detained in custody.

—General Siegel was, yesterday, unanimously nominated for Register of New York by the Radical and Conservative wings of the Republican party.

—John J. White, residing at 104th street and Fifth avenue, New York, committed suicide by shooting himself through the head. Cause unknown.

COUNSEL FOR THE CARELESS.

The body is a machine, and carelessness in its management is as sure to lead to evil results as carelessness in the management of a steam engine. Yet the last thing that most people think of is the protection of this delicate piece of the Creator's handiwork from the subtle causes of disease by which it is surrounded. It is no easy thing to repair the system when in ruins; but there is no difficulty in fortifying it against many of the dangers to which it is exposed. Guard against nervous debility. At the first symptom of loss the forerunner of more serious ailments, sustain the flagging energies of nature with HOSTETTER'S STOMACH BITTERS. Take it regularly and persistently, until bodily vigor is thoroughly restored. It creates an appetite, promotes sleep, improves the condition of the blood, and gives firmness to the nerves. Upon a system thus strengthened and regulated in all its important functions, the fogs and exhalations of autumn, pregnant with the elements of intermittent fever can make little or no impression. Whoever supposes that fever and ague is an unavoidable evil in certain districts, at this season of the year, is egregiously mistaken. As effectually as a draught of cold air is shut out by the closing of a door, this complaint, and all disorders of a miasmatic type, may be prevented by the use of the BITTERS. When sickness can be avoided by a means so safe and simple, is it not the merest fatuity to neglect the proffered antidote? Regarded either as a preventive or a cure for dyspepsia, biliousness, intermittent fever, nervous disorders, general debility, or constipation of the bowels, this pure vegetable preparation stands alone.

DISEASED LUNGS.

There is no doubt whatever that diseases of the lungs, or ulcers of whatever sort, on any of the internal organs may be and are frequently cured, and a complete condition of health established. If the elaborative functions, of which the stomach is the primary and most important one, are restored to a condition to do the repairing of the human system, ulcers or sores, whether upon the lungs the liver, the kidneys or the bowels, or upon the legs, as is frequently the case, can be made to heal, and a complete standard of health re-established.

We have frequently seen these results from the use of Dr. KEYSER'S LUNG CURE, a pleasant and agreeable medicine, which will ripen up and carry out the animal economy all effete and used up material. Dr. KEYSER'S LUNG CURE is enriched by some of the most valuable plants and herbs known to be useful and curative in all deteriorated states of the human blood, and whilst it adds to its plasma, it at the same time stimulates, gently but effectively, the skin, the kidneys, the liver and the glandular system to sufficient action to enable the body to take on healthful action and eradicate the disease. The sick and afflicted should bear in mind the virtues of this great medicine, and if those who are sufficiently alive to the importance of health, will resort to it in the beginning of a cough or cold, there would be no falling into declines and rapid consumption, so hopelessly incurable, and so most surely fatal. Let any one afflicted with any pulmonary disease try but one bottle, and they will be convinced of the value of Dr. Keyser's Lung Cure. Sold by the gross, dozen or single bottle at Dr. KEYSER'S Great Medicine Store, 140 Wood st.

AN AUTOGRAPH LETTER FROM

GEORGE D. PRENTICE, Esq.,

Editor of the "Louisville Journal."

LOUISVILLE, Nov. 5th, 1866.

DR. LIGHTHILL—DEAR SIR: I am very sorry to learn that you contemplate leaving Louisville at the end of the present week. I earnestly wish that your engagement elsewhere might permit you to remain here for a longer time.

Your sojourn among us, Dr. Lighthill, will be long remembered by our people. It has been a blessing to many. You have treated me and a female member of my family with great success. You seem to me to understand, as by intuition, the character of a malady and its best remedy. You have a multitude of patients in this city, and I have not seen or heard of one to whom you held out the promise of relief without rendering it. Your entire practice among us has been a brilliant success, and I cheerfully recommend you to my friends and the public at large as a physician deserving the utmost confidence.

Hoping that you may live long to be a blessing to additional thousands of the afflicted, I am, very truly, yours, GEORGE D. PRENTICE.

TESTIMONIAL FROM THE

REV. JOHN NOTT, D. D.,

Professor in Union College, Schenectady.

SCHENECTADY, January 17th, 1866.

DR. LIGHTHILL—SIR: Having been cured by you of a discharge in an ear, which has been very offensive of late, and, far back as I can remember, always more or less so, and having been entirely restored to hearing since under your care, I feel that I cannot withhold this acknowledgment from any use it may be to others, especially as I have applied in vain to my family physician and other physicians of reputation. Yours truly,

JOHN NOTT.

LETTER FROM

CHICAGO, November 6th, 1868.

DR. LIGHTHILL—DEAR SIR: I wish to express to you the appreciation of your skill as a practitioner, particularly in the relief afforded many afflicted with Catarrh; I, myself, having received permanent benefit from your treatment. Congratulating the afflicted in the West of an opportunity to avail themselves of your invaluable services, and wishing you much success, I am, yours very truly,

C. C. WAITE.

TO MY FRIENDS AND THE PUBLIC:

It affords me great satisfaction to be able to testify to the success of Dr. Lighthill in the treatment of deafness, and express my sense of obligation to him. My hearing has been impaired for a number of years, at times to such an extent as to embarrass me seriously. Dr. Lighthill, under whose care I placed myself, has removed the difficulty completely, and restored me to perfect hearing.

NEW YORK AND SAN FRANCISCO,

Will be completed by July next, when an immense through business will undoubtedly follow. More than 1,200 MILES of the distance between the Missouri River and the Pacific Ocean are already traversed by the locomotive; and it is probable that 300 miles additional will be completed during the current year. The future of this Line, therefore, is unusually promising. The

Central Pacific Railroad Co.

Receive from the United States Government about ten millions of acres of the

PUBLIC LANDS,

Situated along the line of their Road; also a Subsidy Loan of U. S. SIX PER CENT. BONDS, averaging $85,000 per mile, as fast as the sections of twenty miles are completed. They have received in addition, important GRANTS from the state and cities of California, worth more than $3,000,000 IN GOLD. The proceeds of these Lands, Bonds, Capital Stock, Subscriptions, Subventions, and Net Earnings are invested in the enterprise, to which is added the amount realized from First Mortgage Bonds. THESE LATTER HAVE THE FIRST LIEN UPON THE WHOLE PROPERTY, and are issued to the same amount only as the Government advances, or to the extent of about one-third the cost value of the Road, equipment, etc.

The Cash Resources are abundant for the completion of the work, and the NET EARNINGS, FROM THE WAY TRAFFIC UPON 350 MILES NOW OPEN FOR BUSINESS, ARE MORE THAN DOUBLE THE CURRENT INTEREST LIABILITIES.

☞ Besides a mileage upon all through business, this Road, having the best lands for settlement, the most productive mines, the nearest markets, and being exempt from competition, will always command LARGE REVENUES, WHICH ARE WHOLLY IN COIN.

Two thirds of the entire Loan is already marketed, and judging by past experience, the Loan will soon be closed. Investors who desire an unusually safe, reliable and profitable security would do well to purchase before the Bonds are all taken.

☞ The Company reserve the right to advance the price at any time; but all orders actually in *transitu* at the time of any such advance will be filled at present price. At this time they pay more than 8 per cent. upon the investment, and have, from National and State laws, guarantees superior to any other corporate securities now offered.

The First Mortgage Bonds are of $1,000 each, with semi-annual gold coupons attached, payable in July and January. Both INTEREST AND PRINCIPAL ARE MADE EXPRESSLY PAYABLE IN UNITED STATES GOLD COIN. The back interest from July 1st is charged only at the currency rates.

We receive all classes of Government Bonds at their full market rates, in exchange for the Central Pacific Railroad Bonds, thus enabling the holders to realize from 5 TO 10 PER CENT. PROFIT, and keep the principal of their investment equally secure, and receive the same rate of interest for a longer period.

Orders and inquiries will receive prompt attention. Information, Descriptive Pamphlets, etc., giving a full account of the Organization, Progress, Business and Prospects of the Enterprise furnished on application. Bonds sent by return Express at our cost.

In pursuance thereof, I, SAMUEL B. CLULEY, Sheriff of the county of Allegheny, do therefore make known, and give this public notice to the electors of said county of Allegheny, that a GENERAL ELECTION will be held in said county, on the FIRST TUESDAY IN NOVEMBER, being the 3d day of the month, at the several Election Districts thereof, and

WHEREAS, By the Act of Congress of the United States, entitled "An Act to Amend the several Acts heretofore passed to provide for the Enrolling and Calling Out the National Forces, and for other Purposes," and approved March 3d, one thousand eight hundred and sixty-five. All persons who have deserted the Military or Naval Service of the United States, and who have not been discharged or relieved from the penalty or disability therein provided, are deemed and taken to have voluntarily relinquished and forfeited their rights to citizenship and their rights to become citizens, and are deprived of exercising any rights of citizens thereof, and

WHEREAS, Persons not citizens of the United States, are not under the Constitution and laws of Pennsylvania qualified electors of this Commonwealth.

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by authority of the same, That in all elections hereafter to be held in this Commonwealth, it shall be unlawful for the Judge or Inspectors of any such election to receive any ballot or ballots from any person or persons embraced in the provisions and subject to the disability imposed by said Act of Congress, approved March 3, 1868, and it shall be unlawful for any such person to offer to vote any ballot or ballots.

SEC. 2. That if any such Judge or Inspectors of election, or any one of them shall receive or consent to receive any such unlawful ballot or ballots from any such disqualified person, he or they so offending shall be guilty of a misdemeanor, and upon conviction thereof in any Court of Quarter Sessions of this Commonwealth, he shall for each offence be sentenced to pay a fine of not less than one hundred dollars and to undergo an imprisonment in the jail of the proper county for not less than sixty days.

SEC. 3. That if any person deprived of citizenship and disqualified as aforesaid shall at any election hereafter to be held in this Commonwealth, vote or tender to the officers thereof any offer to vote, a ballot or ballots, any person so offending shall be deemed guilty of a misdemeanor, and on conviction thereof in any Court of Quarter Sessions of the Commonwealth, shall for each offence be punished in like manner as is provided in the preceding section of this Act, in the case of officers of election receiving such unlawful ballot or ballots.

SEC. 4. That if any person shall hereafter persuade or advise any person or persons deprived of citizenship, and disqualified as aforesaid to offer any ballot or ballots to the officers of any election hereafter to be held in this Commonwealth, such person so offending shall be guilty of a misdemeanor, and upon conviction thereof in any Court of Quarter Sessions of this Commonwealth, shall be punished in like manner as is provided in the second section of this Act, in the case of officers of such election receiving such unlawful ballot or ballots.

And, further by the first section of the Act of March 30, 1864:

SECTION 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by authority of the same, That the qualified voters of the several counties of this Commonwealth at all general, township, borough and special elections, are hereby hereafter authorized and required to vote, by tickets printed or written, or partly printed and partly written, severally classified as follows: One ticket shall embrace the names of all judges of courts voted for, and to be labelled outside, "judiciary;" one ticket shall embrace the names of all state officers voted for, and be labelled "state;" one ticket shall embrace the names of all county officers voted for, including office of senator, member and members of Assembly, if voted for, and members of Congress, if voted for, and be labelled "county;" one ticket shall embrace the names of all township officers voted for, and be labelled "township;" one ticket shall embrace the names of all borough officers voted for, and be labelled "borough," and each class shall be deposited in separate ballot boxes.

And as directed by said 13th section of the Act of July, 1859, I hereby give notice, that every person (excepting Justices of the Peace) who shall hold any office or appointment of profit or trust, under the government of the United States, or of this State, or of any city, or incorporated district, whether a commissioned officer or otherwise a subordinate officer or agent, who is or shall be employed under the legislative, executive or judiciary department of this State, or of the United States, or of any city or incorporated district, and also that every member of Congress, and of the State Legislature, and of the select or common council of any city, or commissioners of any incorporated district, is by law incapable of holding or exercising at the same time the office or appointment of Judge, Inspector or Clerk, of any election of this Commonwealth; and that no Inspector, Judge or other officer of any such election shall be eligible to any office to be then voted for.

And further, that by the 4th section of the Act of April 16th, 1840, it is provided, that the aforesaid 13th section of the Act of July 2d, 1839, shall not be so construed as to prevent any militia officer or borough officer from serving as judge, inspector or clerk, at any general or special election in this Commonwealth.

FINANCE AND TRADE.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, October, 12, 1868.

The reports that the Government would be compelled to sell more gold, and the confident tone in which the Pennsylvania election is talked of as being carried by a handsome Republican majority, aids the bear movement, and the tendency for gold is still downward. This decline in the gold premium will strengthen the market value of Government bonds, especially in the European markets, and may tend to further investment of the interest due November next, about fifteen millions, to European capitalists.

All these causes combined will likely depress gold to a point approaching 125 before next January, and likely in November. It was supposed that a large amount of November coupons were anticipated, but the amount held here is small, and principally by investors, who do not care to disturb their investments but twice a year—when they have revenues coming due.

Government bonds were dull and lower early in the day, but became strong and advanced rapidly.

The investment demand is increasing, and after November 1st a large demand for bonds will spring up that will likely advance them two or three per cent.

Stocks are higher and have advanced, especially Erie, Ohio and Mississippi, Northwestern, St. Paul, old Southern Rock Island, &c. Fort Wayne and Cleveland also New York and Pacific Mail are stationary.

ALLEGH[illegible]Y CATTLE MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, October 12, 1868.

CATTLE.

The market this week, compared with last, presents but little that is really new or important. We notice that the receipts of Pennsylvania Cattle appear to be falling off somewhat, while those from the west are on the increase; the falling off in this vicinity may be attributed to the fact that the pasture has greatly improved, and, as a consequence, farmers are not so anxious about sending their stock to market, thinking that by holding back they may be enabled to realize better prices. There is no scarcity of Cattle in Western Pennsylvania, but as a general thing, they are not in very good condition, and farmers, we are satisfied, will lose nothing by keeping their stock for a couple of months yet, and getting them in good marketable condition. Common and inferior stock is, and has been nearly all season, very dull and hard to sell at any price, while, on the other hand, prime to extra meet with a good mand, and sell readily at full prices.

There was a very fair supply of Cattle on sale to-day; common and inferior Cattle were abundant, while prime fat retailing Cattle were in limited supply; the former, as has been already noted, was very dull, while the latter sold readily at full prices. We quote at 6 to 6½c for fair to medium butchers stock; 6¾ to 7¼c for good to prime, and 7⅛ to 7¾c for extra. There was little or no inquiry for stock Cattle; bulls unchanged, and selling at from 2¾ to 3½c. The following are the sales:

A. N. Wicks sold 25 head small heifers and steers at 3 to 5.

H. Lenz 6 head, same kind, at 5.

Stakely & Co. 23 head common Penna. stock at 3 to 5.

Garwin & Co. 20 head Penna. cattle at 3 to 5.

E. Katz 18 head good western cattle at 5 to 7.

L. Rothchilds 36 head Chicago steers at 5,87 to 7.

L. & J. Shamberg 40 head Washington county steers, cows and heifers at 4,50 to 7,50.

Keefer & Zeigler 30 head good Chicago steers at 5 to 6,50.

Haas & Kraus 60 head mixed stock at 4,50 to 7,75.

M. Verner 40 head Washington county stock at 5 to 7,40.

P. Hartman 23 head Green county stock at 3,50 to 7.

Traurman & Lobman 84 head Illinois and Penna. stock at 5,35 to 7,75; 20 head, on commission, at 4,50 to 6.

Jas. McAllister 22 head of small Ohio steers and cows, for E. H. Davis, at 5,50 to 6,50; 15 head western steers, for Cullen at 6,50 to 7,25.

Myers & Needy sold 62 head at 5,75 to 7,75.

S. Marks & Bro. 40 head good Iowa cattle at 6,50 to 7,25; 37 Ohio stock at 5 to 6,25; 12 Washington county, Penna. cattle at 6 to 7,25.

Smith & Blue 40 head western cows, heifers and steers at 4 to 6.

Greenwald & Kahn retailed 100 head mixed from scalawags to prime 4,25 to 7,70; 40 head unsold.

Emerick & Co. 17 head steers and heifers at 4 to 5,50; 5 fresh cows at $50 per head.

Hazlewood & Blackstock 35 head Iowa steers at 6 to 7; 17 head Missouri steers unsold; 20 head Belmont county, Ohio, stock, for Shepard, at 5,50 to 7,25.

N. Carr 19 head 4,50 to 7.

Hedges & Taylor sold 84 head Indiana steers and heifers at 5 to 6.

Holmes, Lafferty & Co. 65 head mixed stock at 3½ to 6¾; 18 head over.

SHEEP AND LAMBS.

There was an unusually large supply of Sheep and Lambs on sale to-day, the whole number being estimated at 3,500 to 4,000 head, and the market, as a consequence, was a hard one, though prices were about the same as last week. Prime to extra retailing Sheep sold without much difficulty at 4 to 4½, some few bringing 5 cents, and several lots were wholesaled at 3 to 4 cts. Scalawag Sheep, however, were exceedingly dull, and to effect sales at all, holders were obliged to accept whatever buyers saw proper to give; indeed, a large number of this kind was sold at from 50 to $1,00 per head.

C. Beeler 90 head Butler Co. Sheep, at $1 to $4,50.

Emmell & Fowler sold 430 head, Sheep and Lambs at 75 cents to $3,50 per head.

C. Thompson wholesaled to Emmell & Fowler, 90 head at 3¼ per pound; retailed 100 head, at $1,20 to $2,00.

McCaslin wholesaled to Emmell & Fowler, 90 head at $3,35 per cwt.

Clark to Emmell & Fowler 90 head, at $3,30 per cwt; 80 head retailed at 87 cts to $2 per head.

M. Flinner sold 250 head at 75 to $2,25 for Lambs, and 75 to $4 per head for Lambs.

P. Sheitemante! 207 head Sheep and Lambs, at $1 to $2,25 per head.

J. C. McNeese 70 head Butler Co. Sheep, at from $1 to $4 per head.

Garwin & Co., 130 head Butler Co. Sheep.

Humes 97 head Sheep and Lambs, at an average of $1,50 per head.

John Young wholesaled to Beilsteine 140 head Sheep and Lambs at $1,40 per head.

Adam Eckert sold 22 head Lambs at $3,00 per head, 94 Sheep at $2,25 per head to 4¼ per pound.

A. N. Wicks 112 head Sheep and Lambs at $1 to $2,50 per head.

Stakely & Bro. 100 head Sheep and Lambs at $1,00 to $4,00 per head.

Seymour 65 head Sheep and Lambs prime at $3,50 to $4.50 per head.

J. F. Neely sold 32 Lambs at an average of $1,25; 35 head of prime fat Sheep held at 5 cents per pound.

W. Young sold 200 head Sheep and Lambs at an average of $1,25.

Jas. Shaw 170 head Seeep at $2,00 to $2,50 per head.

Emerick & Co. 22 head Sheep and Lambs at $2,50 per head.

Jacob Rynn wholesaled 84 head of Sheep at $1,25 per head.

Shepard wholesaled 200 head Sheep at 3¼, bought by E. H. Davis.

HOGS.

The retail demand is steadily increasing, and would be much larger still if it were not for the high prices which prevail, notwithstanding there has been a decline of fully one dollar per hundred within the past two or three weeks. We now quote in a retail way at 9 to 10½, for fair to prime heavy averages.

C. Byers retailed 50 at 9 to 10½.

Adams wholesaled 27 to Byers at 9 to 10.

Myers & Needy retailed 35 at 8 to 10.

Emerick & Co. retailed 150 at 9 to 10½.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE, MONDAY, October 12, 1868.

CRUDE.

The market is quiet and rather dull but unchanged. Spot oil is quoted at 12 to 12½c, and the same figures will apply for the last half of the month, seller's option. Sale of 5,000 bbls, in tank, to be delivered between now and January 1st, 1869, seller's option, at 12½c. There seemed to be very little disposition to do anything to-day, the time and attention of dealers generally being absorbed in making preparations for the procession to-night, and the procession to-morrow. As already remarked, however, the market was a dull one, and the tendency, if anything, is downward.

REFINED.

The Refined market was also very quiet to-day, the sales being light, while compared with Saturday, prices are unchanged. Sales in lots of 2,500 bbls for the last half of October at 30c, and October and November, together were offered at 30c, without finding takers.

LAWRENCE, October 3, 1868.

There is not enough of that known by the name of Democracy to give any spirit to the contest in this State. The only ambition of the Republicans is to give a larger relative majority for Grant and Colfax than any other State in the Union. I have heard Republicans express the wish that they had more opposition; for, like an Irishman of whom we have all heard, they are "spoiling for want of a fight." Indeed they do fight among themselves.

I went up to Manhattan and Junction City a few days ago. Manhattan is growing steadily and *solidly*, for the buildings are mostly of that beautiful magnesian limestone of which I spoke in former letters The lands in the vicinity of the town are nearly all bought up. On the south side of the river, and a few miles from town on the north side, there are still plenty.

On arriving at Junction City I was at once introduced to Gen. S. M. Strickler, one of the principal merchants, by my good friend Mr. Martin, the editor of the *Junction City Union*. Gen. Strickler immediately ordered his buggy to the door and took me out to the stone saw mill, about a mile north of the principal street, and just outside of the city limits. Here is one of the quarries of that singular stone known as Junction City stone, which is fast acquiring great commercial value. It is sawed into blocks, slabs, &c., just as timber is sawed, dry, and with saws very much like those used in ordinary saw mills, and the smaller work with saws still finer in the teeth, circular, scroll, upright and horizontal. The whole machinery is driven by a powerful steam engine.

The upper or overhanging stratum is about six feet thick, composed of several layers of nearly the same kind of stone, too hard for sawing in the same way, but excellent building stone. Directly under this, and only separated by a well defined seam, lies the great stratum of soft stone without seams, and perfectly homeogenous, six feet thick, as level on top and bottom as a floor, and only broken across, vertically at intervals from ten to twenty feet, It is first stripped of its superincumbent mass of soil and stone, and then cleft into huge square blocks as large as can be hoisted by cranes into low cars on a railway, and borne to the saws, of which there are two large gangs.

The saws operate horizontally upon the immoveable block—they descending as they cut their way through. They have long sweep, so as to throw out the saw-dust from the centre, which pours out of each and of each saw-cut like meal flowing from a pair of mill stones. When thus seperated into slabs, smoother than timber can be cut on a saw mill, they are borne off to other saws to be cut into such forms as may be desired. The outside slabs, when squared, make most admirable side walks, as I saw in the city.

This stone when first sawed can be planed with a common carpenter's plane, as is often done, or turned upon a lathe; and what is singular is that it does not dull the tools. The foreman of the works told me that his saws did not need more frequent sharpening than if they were operating upon wood. The surface can be made very smooth, but will not take a polish like marble. When exposed to the atmosphere this stone immediately begins to harden, and that process goes on indefinitely, until in time it acquires the hardness of ordinary stone. Its strength to resist a crushing force is very great. I saw a store front in the city resting upon columns as slender as men would dare to make of marble or granite. A heavy brick front rested upon them.

The State capital at Topeka, a very beautiful edifice, is built of this stone, and in Kansas city, Leavenworth and other places it is beginning to be largely used. General Strickler told me that the proprietors could hardly fill their orders; and judging from the activity I saw on the premises, I would have inferred that the business was brisk. The dressed stone are carried down the railroad by returning trains at very moderate rates. The supply is quite inexhaustible, the quarry extending miles in all directions.

The Kansas Pacific Railway Company, (U. P. P., R. E. D.) have a saw mill still larger than the one of which I have spoken, a mile or two farther north, but I had not time to visit it.

In the evening I attended a very pleasant entertainment, got up by the ladies of the Presbyterian congregation—a series of tableaux, with excellent vocal and instrumental music in the intervals, and first-rate cakes, fruits, etc., to amuse the audience during a half hour's intermission. I have witnessed such things in the eastern cities; but I must say that this effort, got up away out here on the border, three miles beyond Fort Riley; excelled anything of the kind I ever saw in variety, taste and execution. I speak more especially of the tableaux. I shall not go into particulars, for it would take too long. I was glad to hear from the excellent pastor, Rev. Mr. Anderson, that the success exceeded their expectations. I was there on the second evening, and the hall was crowded.

Junction City is destined to be a prosperous town. Already the wholesale business is counted by millions. A railroad is soon to be made from this point down the fine valley of the Neosho, to unite with the Leavenworth, Lawrence and Galveston Railroad, in the southern part of the State. A telegram from Boston, received while I was there, settled the matter of its early commencement. This will be a very important road to Central and Southern Kansas, giving them a direct route for their surplus produce in the direction of the best market—the Rocky Mountain region.

Indiana, Ohio and Illinois.

MANSFIELD, OHIO, October 7, 1868.

MESSRS. EDITORS GAZETTE—*Gentlemen*: Believing that you are always glad to hear general news, I take the liberty of writing a few lines to you, and inform you of what I have seen and heard since I left the Smoky city. I have travelled through Illinois, Indiana and Ohio, and I assure you and all our friends that our cause never looked brighter. The people of these States are all alive and doing, and the majorities they will roll up will surprise every one. You can rely on it, Indiana is good for 15,000 for Grant, Ohio for not less than 30,000, and as for Illinois the Democrats give it up everywhere. The only question asked is what will our own State do. It will speak out next Tuesday in a way that will leave no doubt, that it is loyal to the core. In regard to the Germans I can assure you, they as a mass will vote in all these States for Grant and Colfax. I also am happy to state from positive knowledge that the Israelites, the better informed class, are all heart and soul in favor of the success of the Republican ticket. Now wishing our people to work, every man at his post, until after Tuesday next for Grant, Colfax and Success, I remain your obedient servant,

LOYAL CITIZEN.

A SNAKE CHARMER exhibiting his power over venomous reptiles in Australia lately, was requested by a police magistrate, just for curiosity's sake, to allow one of the snakes to bite him. He gratified the magistrate, who died in consequence. The snake charmer was arrested for causing his death, but on trial was acquitted.

To the Republican Voters of Allegheny County.

The Republican Allegheny County Executive Committee respectfully submit the following suggestions relative to the election of Tuesday next, and earnestly invite the attention of all our friends throughout the county to them:

1st. See that the polls are opened in every district at the earliest hour named by law, and that they are kept open until the latest hour. The polls may be opened at any time from 8 to 10 o'clock A. M., and must be closed at 7 P. M. If full Boards are not present at 8 o'clock, A. M., see that the vacancies are filled and polls opened at at 9 o'clock A. M.

2d. Poll the Republican vote as early as possible in every district, keeping lists as nearly correct as practicable while the voting is going on, of all who have voted.

3d. Be prepared with full and perfect lists of the names of every Republican voter in the different districts, and not later than 3 o'clock, P. M., commence sending out and bringing in, and seeing that all Republicans vote whom your lists show have not yet been at the polls.

4th. Have competent and proper men in every district as challengers, and especially have numerous and efficient Block Committee, (and so arranged that they may be relieved from time to time,) who will be responsible for every Republican vote in their respective blocks and districts.

5th. Have our friends pay particular attention to persons offering to vote on naturalization papers, and especially to every person attempting to vote on a Luzerne county naturalization certificate, or on a naturalization certificate issued by the Supreme Court of Pennsylvania, and bearing date since the 1st day of September last.

6th. To avoid danger of colonization and of illegal voting by persons colonized, be especially careful in scrutining the papers of, and in looking to the assessments of all persons who have lately moved into the election district where they may offer to vote, and about whom and whose former residence little is known.

7th. Whenever an attempt is made to vote illegally, or a vote is cast by any person not having proper papers and not a legal voter of the election district, have the offender promptly arrested.

8th. The following abstract as to qualifications of voters, proof of age, &c., is ESPECIALLY commended to the attention of the voters:

QUALIFICATION OF A VOTER.

1. He must be a native or naturalized CITIZEN of the United States, of the age of TWENTY-ONE YEARS or more.

2. He must have resided in the State at least ONE YEAR, and in his election district at least TEN DAYS immediately preceding such election, and have paid, within two years, a STATE OR COUNTY TAX, which had been assessed within two years and at least ten days before the election.

EXCEPTION.—Persons VOTING ON AGE, (being under twenty-two years of age,) may vote without being assessed and without having paid such tax. This exception does *not* extend to naturalized citizens.

3. All persons citizens of the United States formerly qualified voters of this State, but who had removed therefrom and returned, and who have been duly assessed and paid taxes, as herein before indicated, are entitled to vote after six months residence in the State.

PROOF OF AGE.

Age may be proved by the oath of the person offering to vote, or by other legal evidence.

PROOF OF RESIDENCE.

Residence within the State may be proved in the same manner as age, *but the fact of residence within his proper election district* MUST BE PROVED by his own oath and the testimony of at least one qualified elector and competent witness. The residence must be *bona fide* and not simply for the purpose of voting. IN CASE OF REMOVAL within ten days before the election he may vote in the district from which he removed.

PROOF OF NATURALIZATION.

The only evidence of naturalization is the *certificate thereof under the seal of a competent Court*, produced to the election officers. ITS LOSS AND CONTENTS CANNOT BE PROVEN in any case.

EXCEPTION—Where a naturalized citizen shall have been a citizen and resident of the district where he offers to vote *for at least ten years* next preceding the election, his own oath (without production of any certificate) shall be *prima facia* evidence of naturalization.

IDENTITY.

Although the certificate is evidence of naturalization, yet the person offering to vote MUST, IF REQUIRED, PROVE BY LEGAL EVIDENCE (not his own oath) that he is the IDENTICAL PERSON named in such certificate.

PAYMENT OF TAXES

May be proved by the production of the receipt for the payment of the tax and oath of the person himself or other competent witness. If he fail to produce such receipt he must make oath to the payment of a tax. If required, the *genuineness of the receipt* must be proved.

OPPOSING EVIDENCE.

Evidence may be produced against any person claiming the right to vote, or to contradict the evidence in his behalf.

GENERAL MATTERS.

Any election officer or qualified elector has the right to CHALLENGE any person offering to vote; and, when objection is thus made, IT IS THE DUTY OF THE INSPECTORS TO REQUIRE SUCH PERSON TO PROVE HIS RIGHT TO VOTE. The testimony must be satisfactory to the Inspectors.

Where there are more names on a TICKET than there ought to be, the ticket should be rejected.

THE POLLS should be closed at the proper hour regardless of the fact whether or not all persons present have voted.

TEMPORARY ABSENCE on public business or in the military service does not disqualify a voter.

NATIVE CITIZENSHIP must be proved when such proof is required by either of the Inspectors or by any qualified voter.

THE MINOR CHILDREN OF PERSONS WHO WERE ALIENS, though born out of United States, if dwelling within the United States at the time of the naturalization of their parents, become citizens by such naturalization of their parents. *Proof of the fact*, if required, must be made by the production of the *certificate* (or duplicate thereof), and evidence of *identity* as in other cases.

JUDGES AND INSPECTORS.

The Inspectors and Judges are required to meet before nine o'clock A. M., and each Inspector shall appoint one clerk, who shall be qualified electors of the election district for which the appointment is made. In case the person who received the second highest number of votes for Inspector shall not attend, the person who receives the second highest number of votes for Judge shall act in his place. In case the person who received the highest number of votes for Inspector shall not attend, the person elected Judge shall appoint an Inspector in his place. In case the Judge elect shall not attend, the Inspector who received the highest number of votes shall appoint a Judge in his place.

If any vacancy shall continue in the Election Board for the space of one hour after the time fixed for opening the election, the voters present shall elect one of their number to fill such vacancy.

By order of the Committee,

RUSSELL ERRETT, Chairman.

JOHN H. STEWART, Secretary.

IT is thought that the great town in the Salt Lake basin will be in the Malad valley. It is there that the roads for Oregon and Montana can diverge to the best advantage. Brigham Young strenuously opposed the plan of having the Pacific Railroad pass through Salt Lake, and carried his point.

CITY AND SUBURBAN.

Daily Prayer Meeting—From 12 M. to 12:30 o'clock at the Rooms of the Christian Association, No. 23 Fifth street.

Route for Sale.—A route in the Seventh, Eighth and Eleventh Wards on this paper. Can be bought reasonable, Apply to-day at GAZETTE counting room.

Look! Look! Look! Look Out for a Cheap Home.—Look out for G. H. Tower's advertisement of Houses, Farms and Lots that will appear in the GAZETTE in a few days. Remember to miss this you will miss a chance.

Surety.—Christopher Starr alleges that John Boozy threatened to shoot him. The parties resides on Third street. Alderman McMasters issued a warrant for the arrest Boozy.

Arrangements have been made with the Western Union Telegraph Company to extend their wires to City Hall for the purporse of furnishing early returns. As their lines extend all over the State, reasonably full returns may be expected in addition to the Associated Press reports, which come over the same lines.

Some villainous scamp, while the procession was passing Carson Brothers, on Federal street, Allegheny, last evening, threw a boulder through the second story window of Mr. Carson's house, and struck Mrs. Chambers, who had come from Birmingham to see the procession, inflicting a serious wound below the eye.

Malicious Trespass.—James Carothers, residing in Lower St. Clair township, made information yesterday, before Alderman McMasters, against John and Washington Drake for malicious trespass. Mr. Carothers alleges that the accused entered his garden and stole about fifteen dollars worth of fruit and vegetables. The boys were arrested and gave bail for a hearing.

Stolen Property Recovered.—Several weeks since Mr. Watt, a resident of the city, called at the Mayor's office and stated that he had been robbed of a watch and revolver, and left a description of the property. The watch was an English lever, valued at $250, and the revolver a Colt, worth $25. Yesterday officer Herron found the watch and revolver at a pawn broker shop in the city and took possession of them, and they will be delivered to Mr. Watt when called for.

Opera House.—The political excitement which for the past few weeks has absorbed the public mind has been disastrous to managers, and certainly very discouraging to stars. Notwithstanding the excitement, however, the appearance of Mr. Owens, the great comedian, at the Opera House, last evening, had a tendency to draw a very fair audience. His world-wide reputation is sufficient to draw a crowded house under any circumstances. He appeared as Major De Boots in "Everybody's Friend" and in "Solon Shingle." The same piece will be reproduced this evening.

Boulevard Pavement.

The sidewalk in front of the Mayor's office, which for some time past has been in bad condition, was, yesterday, repaired by Kevett & McKown, Boulevard pavers. This boulevard is a new thing in this city, but has been in use in others for some time. The proprietors claim that it is superior to all others as regards cost and durability. It is being tested in several places in the city, and if it should prove to be as recommended, impervious to both frost and heat, we hope to see it take the place of brick sidewalks.

A Marriage Dowry.

A marriage ceremony occurred at the residence of Mrs. Rose Dryden last week, her eldest daughter being the happy bride. As a marriage dowry the lady received from her mother two bedsteads and several other articles of furniture. There seems to be, however, some misunderstanding in regard to the ownership of the articles, which culminated yesterday in an information against Mrs. Dryden for larceny, lodged before Alderman McMasters by Mrs. Mary Kinney, one of her neighbors. Mrs. Kinney alleges that during her absence Mrs. Dryden's broke into her house and carried off the furniture named, which she values at twelve dollars. The parties reside in Limerick, whither the Alderman despatched an officer in search of the accused.

A Glorious Outpouring of the Loyal Masses in Findley Township.

There was one of the largest and most enthusiastic Republican mass meetings ever held in Clinton, or held in this part of the county on Thursday, October 8th, Notwithstanding the very bad state of the weather, early in the morning the loyal and patriotic people of Washington, Beaver and Allegheny counties began to pour into our village by thousands. The delegation from Beaver county was a credit to that loyal old county. It was led by the honest and faithful representative of that county, Hon. Thomas Nicholson. On the right of the procession was the Frankford Grant Club, mounted on horseback, led by a martial band and commanded by Capt. Campbell. Robinson township had a fine delegation of ladies mounted on horseback. North Fayette and Moon were creditably represented, and old Findley made a grand display. She had a large delegation of ladies mounted on horseback, dressed in white with a wreath of flowers over their shoulders, to act as an escort to receive the delegations from abroad. Taken all together it was a very fine display, but, much to our mortification, we were disappointed in our speakers from Pittsburgh. How this blunder will be attempted to be explained to the people here I cannot say, but the meeting was addressed by Mr. Nicholson and Rev. Calvert of Beaver county. G. B.

The Pacific Railroad Approaching Completion.

The rails have been laid across the two great mountain ranges of the continent—the Rocky Mountains and the Sierra Nevadas—and are being rapidly pushed onward along the intervening valleys. Many persons imagined, when the Pacific Railroad was projected, that it would halt at the mountain barriers. The result has been that the Corporations entrusted with its construction have redoubled their energies as the work went on. Twelve hundred miles of the route between Omaha and Sacramento are made by the locomotive, and the gap of about five hundred miles between the Eastern and Western portions will be further reduced by 250 miles before January. Verily, this is marvelous progress, and the Overland Railroad is no longer a thing of hope and conjecture—it is almost an assured success.

The Central Pacific Railroad Company, who have in hand the Pacific half of the line, have built more than 200 miles since the first of July last, and have 100 miles graded in advance of their track. The growing confidence of the community in this Road is shown by the demand for the First Mortgage Gold Bonds issued thereupon, which were two years ago offered at 95, are now selling at 103 and interest, in currency, and may go higher shortly. There is, we are informed, a probability that the remainder of the Loan will be disposed of within a short time. Capitalists and others interested in such matters can learn the particulars and foundation of the Bonds by reference to the advertisement of the Financial Agents, Messrs. Fisk & Hatch, of New York City, elsewhere in this issue.

DEMONSTRATION IN ALLEGHENY.

Grand Torchlight Procession—Over Seven Thousand Men in Line—The Decorations, &c.

One of the grandest demonstrations of the campaign was the torchlight procession in Allegheny City last night. The weather was exceedingly pleasant, and the turn-out exceeded the expectations of the most sanguine politicians in the county. At seven o'clock the different delegations began to arrive and form in the positions assigned them, and so admirable and complete were the arrangements that the several divisions formed in their respective places without the least confusion, and marched into line when the signal was given like veteran soldiers. The number in line was variously estimated at from seven to ten thousand. The best order prevailed throughout the evening, and the demonstration, in every respect, was a grand success.

THE DECORATIONS.

The decorations throughout the entire city were of the most elaborate character, and some of the finest displays made were upon streets not included in the route of procession. There seemed to be but one feeling pervading the citizens, and that was to exhibit the direction of their sympathies. Of course, where the display is so general it would be impossible to notice in detail all the attractive features, or even to give a passing reference to those deserving of notice.

Lacock street, from Federal to its intersection with Main, was one blaze of light, not more than two or three houses within the points named being devoid of some kind of decorations. Many of the displays were really fine, and, among others, those made at the residences of Messrs. J. G. Stevenson, L. O. Cameron, John A. Myler, Jno. L. Dawes, Dr. Hazlett, Wm. Caldwell, Samuel Pollock, James Pearson, S. Barker, and Mr. McClure, were among the most prominent.

On Main street the display was not so general, but most of the decorations were made with excellent taste. Suspended from one house we noticed a large transparency with the mottoes: "Grant and Colfax, with peace and prosperity; Seymour and Blair, with war and anarchy."

On Chestnut street, from the Mechanic street bridge to Ohio street, nearly every house was illuminated. One of the finest displays on the street was made by Messrs. Kradel & Seidle, at Chestnut and Ohio streets.

On Ohio street the display was beautiful. Nearly every house from Chestnut to Webster street on the west was tastefully decorated. Festoons of lanterns covered the fronts of the houses and spanned the streets, while flags and lanterns, arranged in unique shapes, were profusely displayed throughout the entire length of the street. Among the more prominent displays were those made by Messrs. Harris & Myers, Anschutz & Sons, and Kappahn & Gobber. Messrs. Clark & Bros., and F. H. Eggers, combined together, and made a very fine display, as did also the Messrs. Moon Brothers. On a line extending across the street from the store of Mr. F. Munninger, was a large transparency, on which was inscribed the sentence, "The principles of the Declaration of Independence should be a living realty on every inch of American soil." On the reverse was the same in German. Creditable displays were also made by S. C. Hess and Jas. Gosling. Some very fine displays were also made on West street, Esplanade street and Union avenue, while on Stockton avenue the private residences of F. R. Brunot, Esq., Robt. Dalzell, Col. J. M. Cooper, Major Wade, John Dean, and Messrs. J. Marshall, D. C. W. Bidwell and others were brilliantly illuminated.

On North avenue one of the finest displays in the city was made especially along that portion east of Federal street. The residences of James Park, Esq., Jacob Myers, Mrs. Sawyer and J. H. Sewell, Esq., were beautifully decorated. The shade trees were covered with Chinese lanterns of every color and device, and during the time the procession was passing brilliant pyrotectnic displays were made. Among others residing on North avenue who deserve credit for their displays, were Messrs. McBrier and C. Hagan, of Macrum, Glyde & Co., Rev. Mr. McMillan, Maj. Knaf, Dr. Mowry, Joseph Parke and Messrs. George R. Riddle and George D. Riddle.

On Federal street above Ohio the places of business as well as private residences, nearly to the hill, were, with few exceptions, decorated. E. M. Jenkins and Messrs. Wible & Robinson made a fine display, as did also Mrs. Fanley, Dr. Hamilton, Erwin, McConnell & Co., J. K. Brown. Mr. Semple had his show windows tastefully decorated with flags, and red, white and blue silk. Messrs. Druit & Walker's drug store, and Williamson's shaving saloon, also made a fine appearance.

Beaver street, from Stockton avenue to the hill, was brilliantly illuminated, and some of the displays made were very fine. R. H. Leckey's residence was a blaze of light, and the combined display made by Rev. Dr. Allison, John Henderson, Esq., Mr. Johnson and Mr. McCabe, was one of the finest on the street. Among other noticeable decorations were those made by Messrs. Davis, J. Hall, J. M. Carr, Capt. Gordon, James Baxter and R. Thompson. The house of the Friendship Hose Company was also tastefully illuminated and made a good appearance. One of the finest features of the illumination was that displayed by the owners of residences on Observatory and Nunnery Hills, immediately back of the city. On the former nearly every house was illuminated, and from the city below made a beautiful appearance. On Nunnery Hill, the residences of Messrs. Wm. Hamilton, John Henderson and James Andrews were ablaze with light, and the whole hillside was lighted with hundred of Chinese lanterns of every variety and shade of color. Throughout the evening brilliant pyrotechnical displays were made from these points, which, with the wierd like lanterns, were witnessed with great satisfaction by the thousands assembled below, Federal street, from the Suspension bridge to the Market house, was a flood of light, private residences, as well as places of business, being handsomely decorated with flags and lanterns. Some of the merchants made beautiful displays, among which were those of Messrs. Thompson & Groetzing, McFadden, J. M. Carr, Brown, Zelter & Co., R. Hay, Wattles & Co., H. Submeyer, T. Klages, A. Hastung, J. Patterson, and Jenkinson & Brother. The old Robinson Mansion and Colonnade Bow, as well as other private residences in the vicinity, were all tastefully and elaborately decorated, and attracted considerable attention.

Standing on Ohio street, in front of the Penitentiary, the view was magnificent. Up and down Ohio street a flame of beauty was to be seen, while Webster and Marion avenues and Ridge street were brilliantly ablaze. At no point was a finer or more comprehensive view afforded, and the Hope Engine House, lifting a Gothic arch of light, formed a fitting and beautiful background to the display.

Webster avenue was splendidly illuminated, many of the residences being lighted up with elegant taste and a very happy arrangement of lamps, while flags were displayed in great profusion.

Marion avenue likewise displayed a very handsome and varied arrangement of red, white and blue lights. Paulson's row, a handsome block at the corner of Marion avenue and Ridge street, was conspicuous for the brilliancy of its decorations, lanterns and flags being disposed with admirable taste all over the fronts of the buildings. Near this block, on Ridge street, the handsome residence of Euwer was universally remarked for its elegant and novel appearance. Adjoining this was the house of Mr. Joseph Fleming, In addition to the utmost profusion of lanterns and flags on this building a system of gas jets was arranged along the edge of the long balcony, something after the manner of foot lights in a theatre, making a very fine effect. Next this was the residence of Mr O. Phillips, also very brilliantly and handsomely illuminated, and beyond this the residence of Mr. J. H. Wright added materially to the general beautiful effect. The trees along the pavement in front of these houses were decorated very beautifully with lanterns, the branches being thickly hung with them, and festoons of them stretching gracefully from tree to tree. The residences of Henry Higby, B. Bakewell, Jr., Mrs. J. P. Bakewell, H. Brady Wilkins and Dr. Jacobs, on this street, were in perfect keeping with those we have mentioned, all being beautifully ornamented. This entire neighborhood seemed to have a boundless supply of rockets, red fire and Roman candles, and while the procession was passing a perpetual flight of fire was visible.

On Irwin avenue the decorations were scarcely less profuse or less beautiful. Many of the residences on this street are handsome, and nearly all of them were illuminated, and had their banners "hung on the outer walls." Noticeable among them was the mansion of Mr. Bateman Goe, which, with the trees in front of it, afforded a display not often surpassed. Near this the house of Mr. Henry Irwin was exceedingly fine in point of decoration. On the corner of Webster avenue the residence of Dr. James Patton finished out the street very handsomely.

On Webster avenue there was a long and unbroken line of illumination. Among the more noticeable houses was that of Mr. John F. Logan, near Bidwell street. The mansion itself was very finely illuminated, while over the gateway in front was arranged a handsome arch of lamps, with a Grant and Colfax transparency. The residence of Mr. B. H. Painter was also finely lighted up and tastefully arranged with flags. The large lawns in front of these houses are studded with trees, and festoons of lanterns strung from the trees formed a net work in almost every direction.

Bidwell street, along which the procession next moved, was finely lighted up, though not, perhaps, so profusely as those we have mentioned. Some of the houses on this street displayed great taste and beauty.

Along Beaver avenue the display was very handsome, and we regret that space forbids us to specify. The residence of W. M. Claney on this avenue was very prominent for its decorations. Ohio avenue afforded a very creditable display. We observed the drug establishment of Mr. E. C. Thorn, the First National Bank, and the grocery store of Mr. J. Thompson. Chartiers street was very finely lighted up and made a handsome appearance.

Washington avenue, Market and Walnut streets presented a very fine appearance, many of the buildings on them being elegantly lighted up.

Along Rebecca street the illumination was in places very brilliant. Squire Lowry's house presented a fine appearance, as did the lumber office of Mr. Alex. Patterson. A splendid appearance was presented by the residences of Mr. Smith, on the hill side of Rebecca street. School, Robinson, Craig and Martin streets all contributed their full share to the general beauty, as did also portions of Lacock street and Stockton avenue.

Embezzlement.

Charles Koethen, a tobacco dealer at 279 Liberty street, made information before Alderman Owston yesterday, charging Richard Windpfenning with embezzlement. The accused, it appears, was salesman and clerk for the prosecutor, and it is alleged that he appropriated to his own use about six hundred dollars of his employer's money. He was arrested and held for a hearing.

The unfortunate young man has always borne a reputable character, but recently he fell into bad company and was led from the path of virtue and honesty to the haunts of vice and wickedness. His salary, which was ample for his support before, became inadequate to supply the demands made upon him, and as is generally the consequence under such circumstances, he drew upon his employer without his knowledge, intending, of course, to replace it, but never accumulating enough to do so.

Advice That Should Be Heeded.

We desire to call the attention of the afflicted to the merits of Roback's Blood Pills, a purely vegetable cathartic, free from mercury and all mineral poisons, and undoubtedly the best remedy extant for the radical cure of nervous and sick headache, bilious disorders and all affections of the Liver and Blood. They are, as their name indicates, a *Blood Pill*; they search the blood for disease and strike at the very root, thereby effecting not temporary but permanent cures. As a purgative, they are all that can be desired, being mild and safe in their operation and unquestionably one of our most satisfactory Cathartic Pills, and should be kept in every household, and, when taken in conjunction with Roback's Blood Purifier, are unequalled for curing Scrofula, Skin Disease, Old Sores, Salt Rheum, Dyspepsia, Erysipelas, Tumors, Eruptions, and all diseases arising from a disordered state of the blood or a disorganized state of the system. Try these medicines and you will never regret it. Ask those who have used them, and they will tell you they are the best of medicines. Sold by all druggists everywhere. TTST

Ladies' Merino Underwear. Shirts and Drawers, new stock, at Bates & Bell's.

When the PLANTATION BITTERS were first made known to the American people some seven years ago, it was supposed they were an entirely new thing, and had never before been used. So far as their general use in the United States is concerned, this may be true. It is also true that the same Bitters were made and sold in the Island of St. Thomas, over forty years ago, as any old planter, merchant or sea captain doing business in the *West Indies* will tell you. It is distinctly within my recollection that on the return of my father (who was a sea captain, and doing an extensive trade in the tropics,) he would invariably have the Bitters among the ship's stores, and our family sideboard was nevar without them. For any sickness, it matters not how severe or trifling, the decanter of these Bitters, by a different name, was always resorted to as a sovereign remedy.
